

TRADE-IN THE PAST AND START FRESH WITH VIRTRA!

For a limited time, trade in **ANY** single screen firearms training simulator towards the purchase of a VirTra V-180™ or VirTra V-300™ judgmental use of force training simulator.

That old simulator you have is wasting your training time and budget. With video-based scenarios that allow you to engage threats moving across multiple screens, immersive multi-directional sound, and our patented Threat-Fire™ return fire simulation device, no other simulators in the world can deliver the situational awareness training your agency deserves. Save time and budget while advancing your department or agency's training.

VIRTRA V-300™

VIRTRA V-180™

WHAT YOU WILL GET

- Receive \$10,000 (USD) off VirTra V-180™ or V-300™ system with your trade in of any single screen system.
- Discount only available for purchase orders
- Limit one single screen trade in per VirTra V-180™ or VirTra V-300™ system purchase.
- We accept **ALL** systems in trade, regardless of model or condition.
- Shipping charge of trade in system is the responsibility of the customer (FOB Destination aka DDP – Delivered Duty Paid)

CONTACT US FOR DETAILS!

Do you believe that personnel entrusted to use deadly force as an option deserve the very best training available?

We do too. In 2001 we realized that the situational awareness training that officers need to win could not be duplicated on a single screen. This led us to create the VirTra V-300™ - the world's first, and only video-based 300 degree firearms training simulator.
