## Training Courses

### Get the Most from your Simulator

VirTra offers expanded training opportunities for law enforcement officers, combining virtual and on-site options to accommodate diverse learning preferences and operational needs. Our comprehensive programs **enhance skills, promote safety, and foster professional development**, equipping officers to meet evolving challenges effectively.

Our team of veteran law enforcement agents built these interactive virtual sessions and immersive on-site experiences for maximum skill retention. The following solutions empower law enforcement professionals with the knowledge and tools necessary to excel in their roles and serve their communities with excellence.

### Rigorous Courses to Support your Training Objectives

Our courses are taught by subject matter experts and law enforcement veterans. Whether its first-aid under fire, traffic stops, or simply maintaining your VirTra recoil kit, we'll provide the resources you need to have excellent training.

### Course Topics include:

- Special Populations: Autism
- Red Dot Optic Training
- Behavior Threat Analysis
- My Story: Dinkheller
- Infectious Diseases
- Contact Cover Concepts
- Duty To Intervene
- High Risk Vehicle Stops
- Injured Officer Handgun Manipulation
- Tourniquet Application Under Threat
- Crisis De-Escalation
- Weapon Kit Maintenance

With more training opportunities being added regularly.

# Comprehensive Training

## Advanced Trainer Certification Course

**IN PERSON**

ATCC is a 40-hour high-demand course that teaches best practices and concepts on how to train effectively and maximize training time in VirTra simulators.

## Master Instructor Class

**IN PERSON**

Intensive, two-day onsite course held at the simulator location. Students create and run events with instructor guidance and evaluation.

## V-Author Masterclass

**IN PERSON**

A two-day course designed to teach participants how to quickly and efficiently produce geo-specific, single incident simulation training content.

## Tactics 1 - 4

**IN PERSON**

In-person training courses focusing on certified training content.

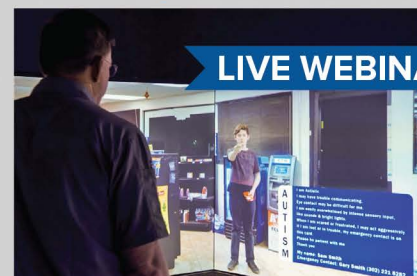

## Duty to Intervene

**LIVE WEBINAR**

How the public sees law enforcement and significant failure to intervene incidents. This course covers when an officer must intervene, and who it applies to.

## Special Populations: Autism

**LIVE WEBINAR**

This course, produced with the Southwest Autism Research and Resource Center, teaches first responders how to interact with adults and children on the spectrum.
