V-VICTA®

V-VICTA: Virtual Interactive Coursework Training Academy

\$300,000

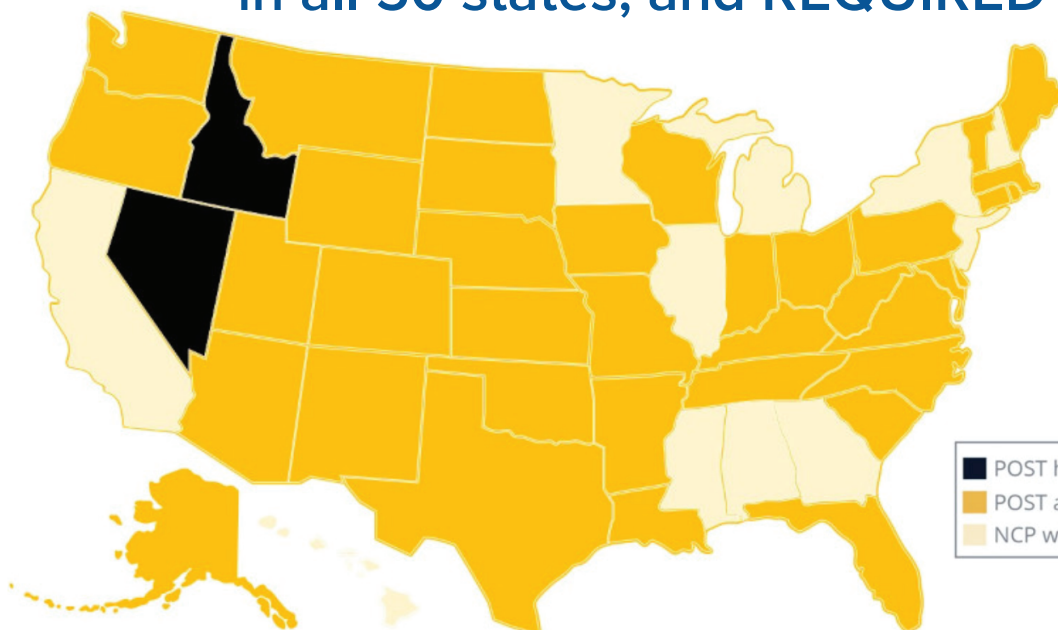

worth of POST-CERTIFIED training for FREE

VirTra provides \$300,000* worth of training, all teaching materials included, all coursework laid out, prepared, and instantly ready to present to trainees.

Benefits

- Reduced liability costs with high-value training year after year.
- Training courses surpass their requirements for certification.
- Complete and comprehensive course material provided.

IADLEST NCP Certification is recognized in all 50 states, and REQUIRED in 37 .

- POST has policies requiring NCP certification*
- POST accepts NCP certified courses.
- NCP will help apply for State's certification

*Check with POST for more details

*Average of a price range. See The Numbers on back for more information

The Numbers

- The average police officer earns approximately \$29.88/hour.
- One hour of instructor-led training takes 43–185 hours depending on complexity.⁽¹⁾⁽²⁾
- 90 hours of VICTA training would take 4,300–18,500 development hours, **saving you \$116,000–\$499,500 in cost and development hours.**
- The money saved in development hours and costs pay for the simulator V-VICTA comes with.
