

VirTra

Healthcare

Protect and Retain Healthcare Staff with Simulation Training.

DID YOU KNOW?

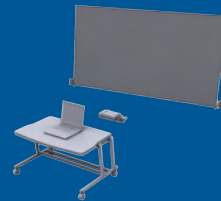

55% of Physicians surveyed have been assaulted while at work. **79%** witnessed an assault.

What if your hospital staff had access to the same skills as top law enforcement agencies for workplace conflict management? VirTra creates industry-leading training simulators, used by police, security and hospital staff nationwide to hone crisis communication, de-escalation, and decision-making skills.

Customize Training and Scenarios

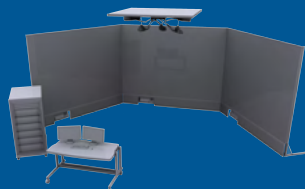

Our V-Author © software allows you to create scenarios tailored to your facility's needs using VirTra's vast library of High-Quality drag and drop characters, objects and background assets. Best of all, our V-XR headset technology allows for the integration of real-world environments while reducing motion sickness.
