Real-World Training Solutions For Corrections

## Did You Know?

Over **HALF** of Correctional Staff leave the profession in the first 2 years.\*

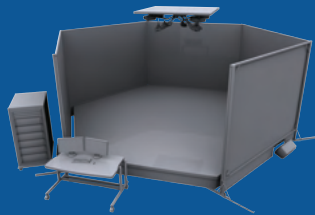

VirTra develops and continually enhances industry-leading simulators that correctional institutions nationwide trust to prepare staff for the challenges of corrections work. Build skills in less-lethal tools, de-escalation, situational awareness, mental health response, threat recognition, and decision-making—all while saving on munitions and training time.

## Customize Training and Scenarios

Our V-Author<sup>®</sup> software allows you to create scenarios tailored to your facility's needs using VirTra's vast library of High-Quality drag and drop characters, objects and background assets. Best of all, our V-XR headset technology allows for the integration of real-world environments while reducing motion sickness.
