

VirTra

V-180[®]

The image shows two soldiers in full combat gear, including helmets, vests, and rifles, standing in a virtual training environment. They are positioned in a 180-degree panoramic view of a simulated outdoor scene, possibly a training area or a field. The ground is dark, and the walls are large screens displaying the virtual environment. The text is overlaid on the center of the image.

The V-180[®] is a 180-degree firearms simulator whose immersive experience translates into real-world survival skills.

VirTra simulators used by MOD, MOI, Security, Military and more in 37+ countries.

VirTra

V-180[®]

SYSTEM CAPABILITIES

MULTIPLE RANGE ENVIRONMENTS

Choose from a variety of environments, weather, wind speeds, shooting positions and more.

REAL WORLD BALLISTICS

Capable of replicating live fire and shooting distances up to 2,000m. Ballistics calculator is independently verified with .02 milliradians accuracy.

V-MARKSMANSHIP[®]

3 screens allow for training on targets, courses and ranges spread across the simulation or on individual screens.

TRAINING CONTENT LIBRARY

Multiple training points for objective-based learning.

HIGH QUALITY

Scenarios are filmed in high fidelity – including 4K and above – with real actors for maximum training immersion.

COURSEWARE

Includes: International Defensive Pistol Association (IDPA) courses, DoD small arms courses and heavy weapons of fire and more.

DEBRIEF/AAR CAPABILITY

Identify events, shot sequence and hit/miss placements down to one-hundredths of a second.

BUILT BY EXPERTS

Built by VirTra SMEs and external industry experts with a combined 300+ years of experience.
