V-ST PRO®

The V-ST PRO® is a high fidelity firearms and tactical skills training simulator. Certified ballistics translates into real world survival skills.

> " We want to make sure the use of force is proper. And we must have the right training tools to make that possible. We are always mindful of those kinds of considerations even in the selection of our training platforms. Providing the best, most accurate training simulators is something we can do to protect the public and our officers as they do their jobs. "

Dr. Levi Bolton, Executive Director of the Arizona Police Association

> " By bringing our training in-house, we can control the learning environment which allows for an unmatched test of human performance, mental acuity and a new-found perspective on the individual that will push the limits of peak performance with maximum efficiency of our training time. "
